1999 Analytical Review DWCCA-510-PJL

Dear Ms. Heineck:

The Public Service Commission has completed their analytical review of your 1999 annual report. The primary purpose of our analytical review is to detect possible accounting related errors and to identify significant fluctuations from prior year's data, which are not sufficiently explained in the footnotes of your annual report. We have no questions, only the following comments.

1. During our review of the Pumping and Purchased Water Statistics schedule on page W-10 we noted that the utility reports on line 20 that the cause for the high water loss is line flushing for new wells. Please note that in the future such water usage should be reported as other utility use water on line 14 of page W-10 and therefore would not be lost water.

2. During our review it was noted that the utility did not report any social security taxes in the taxes schedule on page W-6. This was also the case in 1997 and 1998. Please be sure to report that item in the future.

You may consider your review closed. Thank you for your efforts in preparing your 1999 annual report. If you have any questions, please feel free to contact me at (608) 267-9198.

Sincerely,

Peter J. Leege  
Financial Specialist  
Division of Water, Compliance, and Consumer Affairs
